League of Women Voters of Camden County

Co-Presidents' Message:

SEPTEMBER IS VOTER REGISTRATION MONTH

Dear League Members,

Early Fall has been very busy, but rewarding, and we look forward to the beneficial promises. In this issue, we have included our service activities for August and September:

August Moderator Training

The League of Women Voters enjoy a high level of public trust. A large measure of that is the result of the fairness and competence of League trained moderators. We have a reputation for providing non-biased and skilled moderators. Because of this heavy responsibility, moderators must undergo training by qualified League trainers. Our August 23, 2009 moderator training led by Ed Gracely was very successful and informative. Thank you, Ed.

Fall Forum and Workshop

Almost 100 people attended the workshop on Saturday, September 12, 2009 at the New Jersey Hospital Center in Princeton, New Jersey. Jamie Harrison was the moderator. The excellent Keynote speaker, Andrew Hyman and panelists, David L. Knowlton, Elizabeth A. Ryan, Esq. and Wardell Sanders, Esq. discussed the need for health care reform while concentrating on pertinent issues related to 1) How can coverage be given to all without increasing cost even more 2) the different approaches to health care reform and 3) the impact of these reforms on cost, coverage, and quality, to name a few. Workshops led by League Leaders followed the forum.

Women's Equality Day Event a Success!

On August 26, Women's Equality Day, the League celebrated with a tour of our historic state office followed by a suffragist walk organized by the NJ Division on Women. It was a wonderful day and made us proud to be members of the League of Women Voters, such an important part of the women's suffrage movement. Thank you to everyone who joined us to celebrate.

Marching through Trenton to the State House

LWVNJ Executive Director, Anne Ruach Nicolas, reading from the Declaration of Sentiments on the State House steps

BALLOT QUESTION ANALYSIS GREEN ACRES, WATER SUPPLY AND FLOODPLAIN PROTECTION, AND FARMLAND AND HISTORIC PRESERVATION BOND ACT OF 2009

If approved, this public question will allow the State of New Jersey to borrow up to \$400 million by issuing general obligation bonds of the State. These bonds are backed by the full faith and credit of the State with principal and interest paid from the State budget.

The Bond Act allocates the \$400 million as follows: (1) \$218 million will be used for the Green Acres program, (2) \$146 million will be used for farmland preservation purposes; (3) \$24 million will be used for the "Blue Acres" program, by which the State may purchase from willing sellers, for open space preservation purposes, properties that are prone to or have incurred flood or storm damage; and (4) \$12 million for historic preservation.

Reasons to vote "yes":

- Open space and historic preservation provide numerous benefits, such as support for tourism, protection of our water supply, and maintenance of wildlife diversity. Farmland preservation supports an economically viable agricultural industry.
- Land costs are relatively low at present due to the national economic recession.
- Use of a bond issue allows the state to purchase additional open space without increasing taxes (although tax revenues may be needed to cover payments in the future).

Reasons to vote "no":

- The State already has a large debt burden, which must be paid off. The state's finances are in poor shape at this time, which raises concerns about new expenditures or debt.
- If certain purchases are seen as critical, alternative funding mechanisms could be chosen for them that do not involve additional borrowing.
- New bond issues every few years do not provide a stable, sustainable source of funding for open space preservation.

Absentee Ballots are now Mail-In Ballots

As of several years ago, you didn't need a reason for an absentee ballot in New Jersey. As of 2009, you can get one even more easily with less paperwork!

What you need to know in bullet form:

- You can still get a "Mail-In" ballot for any reason.
- Mail-In ballots are now good for a variety of durations. If you so choose, you may get a mail-in ballot:
 - o for all elections to be held during the remainder of the calendar year; or
 - o for all future November general elections until otherwise requested.
- Authorized Messengers:
 - o Cannot be a candidate in the election.
 - o Must be a family member or a registered voter in that county.
 - o Cannot serve as messenger for more than TEN (10) qualified voters per election.
 - o Must sign each mail-in ballot application and show a photo ID in the presence of the County Clerk or County Clerk designee.

Candidates dodge primetime debate, voters suffer

By Jesse Burns, LWVNJ

Since this spring, the League of Women Voters of New Jersey Education Fund has been working with its partners WPVI-TV, WABC-TV, and The College of New Jersey to bring together the gubernatorial candidates for a primetime debate that would reach every household in New Jersey. This debate would have the ability to reach all New Jersey residents at a convenient time and on the most-watched television stations in New Jersey. Initial responses from the candidates were encouraging.

Unfortunately for the voters, Governor Jon Corzine has turned down this opportunity for maximum exposure to the voters and Republican candidate Chris Christie will not debate the Independent candidate Christopher Daggett unless Corzine agrees to participate in the debate.

The one-hour debate would pre-empt two top-rated shows, Jeopardy and Wheel of Fortune and would reach every household in New Jersey on 6abc Philadelphia and WABC 7 New York, and on Univision Manhattan and Vineland. The last gubernatorial debate held by this partnership had over 600,000 viewers - a number unmatched by any other debates.

"We are dedicated to the voters of this state and wish the candidates valued the voters with the same dedication. New Jersey needs a third debate - held by experienced nonpartisan sponsors, in primetime, and on the most watched television stations." said Anne Ruach Nicolas, Executive Director of the League of Women Voters of New Jersey. "It is the voters who lose when the candidates do not take every opportunity to be seen and heard in fair and nonpartisan debates. ...The candidates need to take this opportunity to debate for the sake of the voters." concluded Ruach Nicolas.
